### CASH PLAN ADOPTED.

The postage law, which goes into operation 1st of January, 1875, requires prepayment on all newspapers sent through the mails beyond the limits of the counties in which they are publishad. We have, therefore, determined to adopt the CASH PLAN for all subscriptions. While avoiding the losses, tardy payments and expenses of collection incident to the credit system, we will be required to prepay the postage. The change determined upon will, therefore, prove beneficial to both subscribers and publisher. The former will be relieved of the postage tax whilst the latter will be enabled to simplify the operations of his business and to improve the facilities for conducting it No name will be entered unless the subscrip-

tion is paid for in advance.

During the past fow months every subscriber in arrears has been furnished, through the mails, with a statement of his account. Many have responded with remittances discharging their liabilities and paying in advance for the current year. We appeal orgently to those who have

not made a similar response to do so without further delay, as after the first of January, 1875, we will commence to discontinue the paper to those who have not paid in advance. The time within which all in arrears can close up the balances due and make an advance payment is am-ple, and we flatter ourselves that but few names vill be dropped. ALEXANDRIA, November 9.

## A REMINISCENCE.

At a meeting of the Oldest Inhabitants of Washington, held on Wednesday night, Mr. Callan presented to the society the following from the Washington Gazette, dated July 11,

"Whereas information has been received that an atrocious murder, aggravated by the ed. additional crime of robbery, was on the 6th or 7th day of the present month committed, in the county of Alexandria and District of Columbia, on Wisham Scavers, late of this city; and whereas the apprehension and punishment of the murderer or murderers, or his or their accessory or accessories, will be an example due to justice and humanity, and every way salutary in its operation, I have, therefore, thought fit to issue this my proclamation, hereby exhorting the citizens of the United States, and particularly those of the District, and requiring all officers, according to their respective stations, to use their utmost endeavors to apprehend and bring the principal or principals. accessory or accessories to the said murder to justice; and I do, moreover, offer a reward of \$300 for each principal, if there be more than one, and \$150 for each accessory before the fact, if there be more than one, who shall be apprehended after the day of the date hereof and brought to justice, to be paid upan his conviction of the crime or crimes aforesaid.

In testimony whereof I have caused the seal of the United States to be affixed to these presents, and signed the same with my

person who shall afford information whereby the murderer of Wm. Seavers can be brought to punishment. The subscribers, in their individual as well as their official capacities, feeling solicitious that the dreadful villain should receive the punishment due to an offence of such enormity, and also an anxiety for the preservation of the peace and the good government of the District, will pay the above reward to any person by whose agency the murderer shall be convicted.

SAMUEL N. SMALLWOOD, Mayor of Washington. CHRISTOPHER NEAL, Mayor of Alexandria. JOHN PETER.

Mayor of Georgetown. Dr. Blake spoke in connection with the above, paying glowing tributes to the efforts of the President and the mayors to bring the

gusty parties to justice.

Mr. Thomas made n few remarks, and said he never passes the scene of the murder but what he thinks of the occurrence. He pictured the scenes about the spot, and spoke of the excitement created at the time.

THE VALUE OF A WIFE. - This morning, in the Circuit Court, Judge Cariter, the trial of the case of M. Pabst against the Baltimore and Ohio Railroad Company-action for loss of the services of his wife, whose death, it is alleged, was the result of injuries caused by the negligence of the company-was resumed and the case was argued to the jury, Messrs. Schmidt and Mattingly for plaintiff, and Buchanan and Cox for defendant. Judge Cartter charged the jury that the facts they were to consider were whether the train in question came to a pause before entering the depot, and appouncement was made that the train had arrived at Washington, when decedent left the car, and the train having resumed its speed, as a consequence decedent received her injuries. It is claimed by defendant that the train did not make any pause. If they find that the train continued into the depot, and the wife of plaintiff attempted to leave before the train came to a halt, the husband would not be entitled to recover, for the fault would attach to the indiscretion of decedent. If the train did pause and defendant proceeded to alight, the company is liable. In reference to the outery or proclamation, the Judge charged that if they find that as the train approached the depot it came to a state of rest, and proclamation "Washington" was made, the passenger had a right to presume in the darkness that the proclamation came from an agent of the they should have had one there to counteract GENTS' WHITE SHIRTS! any false proclamation to advise passengers. If they had not such an agent there, they were dereliet in their duty. As to the measure of damages, the husband has the right to recover for the loss of services during her life to full Tair compensation for the injuries. It would not do to utter from the Bench or to consider GEO. R. HILL & CO.'S PURE GRAHAM China, Glass and Crockery, in the input how was the Bench or to consider GEOUR.
